

Greetings Sacramento AAI Computer SIG members; our next meeting will be held on Thursday, September 19th at 7:00pm at the SMUD building off of highway 50 in Sacramento (full address is listed below). Remember as you enter to stop by the security desk to the right of the door and sign the entry log.

June Meeting:

At the June meeting, Ron Black presented approaches he uses to monitoring his investments. He combines fundamental analysis with a technical review of the current status of his candidates. This preparation is essential to making timely buys at the prices he feels are appropriate. More information about his presentation may be found on the website: <http://wonderfulwebwork.com/investment-info.html>. Our thanks go to Ron Black for leading a very interesting discussion.

September Meeting:

Bernard Scoville, Peter Damiano and Robert Chaeram will review the performance of three stocks; Linkedin (LNKD), Ford (F) and Lihua Int'l (LIWA). They will be using three different approaches to analyzing each stock. Bernard will use his Better Investing Tool Kit, Peter will demonstrate how Vector Vest rates the stock and Robert will present how Fibonacci charts can be used to analyze these stocks. Combining three different methods of review on these stocks should prove to be a very interesting session. Come prepared to offer your own assessment.

There will be two additional meetings in 2013 (October and November).

Presentation Calendar

My thanks go to Bernard for taking the time to put this calendar together and arranging for the speakers.

One final note. If you are receiving this monthly meeting notice but are not interested in attending please send me an email with the word Remove in the subject box. I will be happy to remove you from the mailing list.

October: Open

November: Open

December: No Meeting

Location

SMUD Customer Service Center

1st floor, Forest View Room #3

6301 "S" Street, Sacramento
