

Greetings Sacramento AAll Computer SIG members; our next meeting will be held on Thursday, June 20th at 7:00pm at the SMUD building off of highway 50 in Sacramento (full address is listed below). Remember as you enter to stop by the security desk to the left of the door and sign the entry log.

May Meeting

Our thanks go to Peter Damiano for his presentation on the Vector Vest method of investing. Information regarding Peter's presentation may be found at <http://wonderfulwebwork.com/investment-info.html>

June Meeting

Ron Black will show the two ways he monitors his investments. One is an Excel program that downloads the current price info. The other review uses the program Street Smart Edge, which is provided by Schwab. Ron will lead the discussion, but we are also counting on meeting attendees to bring or discuss their own approach to this issue.

This will be the 6th of eight meetings scheduled for 2013 (no meeting in July, August and December issue).

Presentation Calendar

As of this writing the September through November meeting topics are open for suggestion. Please contact Bernard if you have a topic you would like to have presented or would like to present yourself. My thanks go to Bernard for taking the time to put this calendar together and arranging for the speakers. I will be gone most of May on an extended vacation. If you have any suggestions or questions please contact Bernard.
