

Charles Bates teaches selling puts and calls at our May 24, 2018 meeting.

Some sources recommended by Charles:

Sources and such

- Amber Hestla, Income Trader
- Stansberry Research, Inc. DR. David Eifrig, Income Intelligence
- Options Clearing Corporation (OCC)
- Options Industry Council (OIC)
- Any broker will have some kind of education program
- Investment U

A book recommendation from Charles:

Some follow-up AAll article links from from Ed Connerly:

The current issue of the AAll Journal includes three articles (Reprints from previous issues of the AAll Journal, see below) concerning the use of options to increase income produced by stock portfolios. Reading these articles would be a nice complement Charles's presentation and our subsequent discussion. It might generate additional discussion during the June meeting. Here are links to these articles:

[Options: The Concept of Equivalent Strategies](#)

[The Covered Call: An Income-Generating Options Strategy](#)

[Assembling a Covered Call Portfolio on Dividend-Paying Stocks](#)
